

⊕ FINE ARTS

Our music program includes a rich instruction in music where the children's gifts are developed through singing, playing instruments, keeping tempo, and reading music. Music is an integral part of worship and St. Anne's School attempts to enhance our students' understanding of its importance. The artistic gifts and talents of every student are then showcased during Advent in a Christmas Pageant.

Our Visual Arts instruction follows the Art Docent Program that is recognized for its comprehensive approach to teaching and applying visual art in the classroom. The parent driven program provides our children with an appreciation of the historical and cultural meanings of masterpiece artwork and teaches students how to analyze, make judgments and apply what they learn through their own expression of art.

⊕ ATHLETICS

The CYO basketball and volleyball programs provide our students with the opportunity to develop skills, prepare for challenges, work as a team and accomplish goals. We use the athletics programs to teach our youth how to win with respect, lose with grace and apply what they learn to their lives.

⊕ STUDENT TO TEACHER RATIO

Teachers at St. Anne's work with an instructional aide that assist with lesson plans in order to keep students focused on learning objectives. Counting teachers and classroom aides, we effectively bring the student to teacher ratio down to 15 to 1. Today students are required to learn more, at a faster pace than in years past, so a well managed classroom is a key component to achievement.

⊕ ADMISSIONS & TUITION

St. Anne's School welcomes all students who meet the schools education standards regardless of race, religion, or ethnic background. St. Anne's Church in conjunction with the Diocese of Stockton desires that all families who want a Catholic Education be able to attend the school. You will find our tuition rates to be some of the most affordable private school rates available and programs are in place to provide financial aid to those families who qualify.

⊕ CHILD CARE

We offer before and after school child care at very low cost. During the after school program children are encouraged to complete homework, and play games, all in a safe environment.

⊕ ACCREDITATION

St. Anne's School is fully accredited by the Western Catholic Education Association and by the Western Associate of Schools and Colleges, meeting all state and national performance standards.

ST. ANNE'S CATHOLIC SCHOOL

⊕ OUR PURPOSE

St. Anne's School has been dedicated to providing a quality, Catholic education founded on the teachings of Jesus Christ since 1922. St. Anne's School believes a solid academic and moral education is the gateway to a more responsible and purpose filled life for our children. We direct our efforts in a manner that regards each child as God's unique creation, precious and valued to the St. Anne's Community.

I think the thing that stands out the most for me is the way that the school was such a constant in my kids' lives. As the years went on they realized that their role at the school was more than just as a student. There was a responsibility to lead the younger kids and show a sense of integrity and respect to the school. -Lisa Coughlin, Parent

⊕ SERVICE

Our students are productive and compassionate Christian citizens who are active participants in outreach programs such as Annie's Angels, Altar Service, Lodi Adopt-A-Child, canned food drives, Pennies with a Purpose and many more activities.

⊕ FAITH COMMUNITY

The faculty and parents of St. Anne's School form a strong faith community founded on observing the teachings of Jesus Christ, our Savior. Our school fosters a family-like atmosphere where through service to one another, true friendships are forged and a deep sense of belonging is experienced by many who send their children to the school.

⊕ CURRICULUM

St. Anne's School provides a challenging curriculum that instills Catholic values. We are committed to ensuring a student's proficiency at each grade level and have a proven record of students thriving academically in high school. St. Anne's seeks to cultivate each child's unique gifts and talents with rich instruction in the subjects of:

- Religion
- Mathematics
- Social Studies
- Visual Arts
- Physical Education
- Language Arts
- Science
- Music
- Spanish
- Computer Science

We cultivate the development of each child's strengths by offering a variety of extracurricular activities. Students are also encouraged to participate in:

- San Joaquin County's Academic Pentathlon
- Science Olympiad
- Student Government
- Newspaper
- Choir
- Band

⊕ TECHNOLOGY

Each classroom at St. Anne's School is equipped with leading edge technology offering students an unmatched advantage to acquire knowledge and comprehension of challenging concepts. Utilizing interactive whiteboards, our teachers bring images and sounds front and center. Students are engaged and encouraged to participate and use the tools found on a computer which are then displayed on the interactive whiteboard. By blending technology with proven educational techniques we accelerate learning and bring the classroom to life.

INTERACTIVE WHITEBOARD

Our state-of-the-art computer lab provides thirty-two work stations equipped with the latest software and large flat screen monitors. Utilizing internet resources such as Mathletics, Star Fall, eBackpack and Learning.com, we give our students a hands on experience with leading edge information age resources.
